Bowker Davies Dodgson Limited began life six years ago as Bowker Davies Financial Planning and was established by Simon Curley. Simon had four years' previous experience as an Independent Financial Adviser working for another local firm and before that 6 years with Scottish Widows and Lloyds Bank.

Since inception Bowker Davies has expanded to incorporate a number of smaller practices in Leeds and Leicester and has recently moved into premises purchased by their own pension fund at 12 Asfordby Road.

Simon and his colleagues work in association with private and business clients as well as accountants and solicitors.

“Minding Your Own Business” is a whistle stop presentation incorporating a number of topics close to the hearts of small businesses, further details of which can be discussed “after the show” in the bar!
